

Use and safety instructions

TEXFORCE car windscreen sunshade umbrella

126 x 80 cm windscreen cover with 28-38 cm adjustable handle and storage case

Read these instructions in full before first use. Keep them and pass them to the next user with the product. The umbrella is intended only to cover the front windscreen of a parked vehicle.

Intended use and limitations

This product is a folding sunshade fitted inside the front windscreen. The silver layer facing the glass helps reflect light and reduce heat build-up while the vehicle is parked. The black layer faces the vehicle interior.

- Do not use the product while driving or with the vehicle running.
- Before purchase and first fitting, compare the sunshade dimensions with the windscreen and the location of the mirror and sensors.
- The sunshade does not maintain a safe cabin temperature. Never leave children, animals or dependent persons in a parked vehicle.

Specifications and set contents

- Open sunshade dimensions: 126 x 80 cm.
- Adjustable handle range: 28-38 cm.
- Surface colours: silver towards the glass and black towards the interior.
- Set contents: sunshade umbrella and storage case.
- Packaging: plastic bag.

Plastic bag warning

- **WARNING:** the plastic bag may cause suffocation.
- After unpacking, immediately keep the bag away from babies, children and animals.
- Do not allow children to play with the bag and never place it over the head. The bag is not a toy.
- After unpacking, dispose of the bag in the appropriate waste stream in accordance with local sorting rules.

Preparation and fitting

Fit the product only in a safely parked vehicle with the engine switched off and the parking brake applied.

- Make sure the glass, dashboard and sunshade are clean and that the product has no cracked, deformed or protruding parts.
- Open the umbrella slowly and keep the mechanism away from the face and eyes. Keep fingers clear of folding parts.
- Point the silver side towards the windscreen and the black side towards the cabin. Adjust the handle without excessive force.
- Place the sunshade behind the front windscreen. Lower the vehicle sun visors if needed to improve contact with the glass.
- Make sure the handle and ribs do not press on the display, mirror, levers, buttons, vents or other delicate interior parts.

Safe use

- Remove and fold the sunshade completely before starting the vehicle. Check that visibility and vehicle controls are unobstructed.
- Do not force the sunshade into a space that is too small or bend the ribs against their natural position.
- Do not point the rib ends or handle towards the face. Control the mechanism until it is fully closed.

- Do not use the product if the frame, fabric, handle or locking mechanism is damaged, loose or deformed.
- Keep away from open flames, hot components and other heat sources. The product is not a toy.

Storage damage and disposal

Stop use immediately if a rib breaks, the mechanism is damaged or a sharp edge appears. Do not make temporary repairs to parts under tension.

- After removing the sunshade, fold it slowly and secure it with the strap if fitted.
- Allow a damp product to dry before placing it in the case.
- Store it in the case in a dry place where the frame cannot be crushed or open accidentally.
- Dispose of the worn product and its packaging in the appropriate waste streams according to local sorting rules. Do not burn the product or packaging.

Reporting safety issues

In the event of an accident, injury or a defect that may present a hazard, stop using the product. Keep the product, packaging and available markings and contact the safety contact below. Provide a description of the incident, the place and date of purchase and available product identification details.
