

Safety Instructions – Cooling Mat for Dogs

IMPORTANT SAFETY INFORMATION

1. Product purpose

The cooling mat is intended for dogs as a place for rest, relaxation and lying down.

The product is especially suitable for the summer period and hot weather, providing a pleasant cooling effect when the dog's body comes into contact with the mat surface.

The mat can be used at home, on a terrace, balcony and in other dry and safe places intended for animals.

The product can be used as a standalone bed, an additional resting mat or a cooling layer on another dog bed.

The product is intended exclusively for animals. It is not a toy and should not be used by children for play.

2. Technical parameters and material

- Product: cooling mat for dogs.
 - Top material: jacquard-nylon cooling fabric.
 - The mat surface provides a pleasant cooling effect when in contact with the dog's body.
 - Bottom of the mat: spacer mesh supporting air circulation and improving comfort of use.
 - The mat is fully waterproof, which helps protect it from moisture and makes it easier to keep clean.
 - The product is made of materials safe for animals.
 - The materials have OEKO-TEX certificates.
 - The product is made of safe and non-toxic materials.
 - The product does not contain SVHC substances in concentrations above 0.1%.
-

3. Safe use instructions

- Use only as intended – as a cooling mat or resting place for a dog.
 - Place the mat on a stable, dry and flat surface.
 - Before use, make sure that the mat is clean, dry and undamaged.
 - Do not use the mat as a transport mat, toy, mattress for people or impact-absorbing element.
 - Do not allow the dog to bite, pull or tear the mat intensively.
 - Do not use the product if the material is torn, seams are damaged or the mat is delaminated.
 - Despite being waterproof, the mat should not be left for long periods in standing water or constant moisture.
 - If used outdoors, it is recommended to store the mat in a dry place during heavy rain, storms, hail, frost or strong wind.
 - Regularly check the condition of the mat, especially if it is used by an elderly, ill dog or a dog that tends to chew objects.
 - Make sure the mat lies stably and does not move excessively on the surface.
-

4. Cleaning and maintenance

- In most cases, dirt can be removed with a damp cloth.
 - In case of heavier dirt, use lukewarm water and a mild detergent.
 - Use mild detergents intended for fabrics.
 - Do not use aggressive chemicals, bleach or solvents.
 - Do not machine wash unless otherwise stated by the manufacturer on the product label.
 - Do not tumble dry.
 - Do not iron the cooling surface or spacer mesh.
 - After cleaning, dry the mat thoroughly before reuse.
 - Before storage, make sure the mat is completely dry to prevent mould and unpleasant odours.
-

5. Warnings

- ⚠ Product intended exclusively for animals.
 - ⚠ The product is not a toy – keep away from children without supervision.
 - ⚠ Do not use the product if the material, seams or bottom of the mat are damaged.
 - ⚠ Do not allow the dog to bite or swallow fragments of the material.
 - ⚠ If the animal swallows a fragment of the product, contact a veterinarian.
 - ⚠ Do not use near open flames or sources of high temperature.
 - ⚠ The cooling effect results from the properties of the material and contact with the dog's body – the product is not an electrical or medical device.
 - ⚠ The mat does not replace access to water, shade or proper care for the dog during hot weather.
 - ⚠ A wet mat may increase the risk of slipping – before use, make sure the product lies stably on the surface.
-

6. Packaging information

- The product is packed in plastic packaging to protect it during transport.
 - The product may be vacuum-packed or rolled to reduce the volume of the shipment. After unpacking, the mat may need up to approximately 48 hours to regain its proper shape.
 - ⚠ The plastic film is not a toy – there is a risk of suffocation.
 - Keep the packaging away from infants, children and animals.
 - After unpacking, dispose of the plastic film immediately or send it for recycling.
-

7. Disposal

- The product and its packaging should be disposed of through selective collection of textile waste and plastic waste, in accordance with local waste sorting rules.
 - Do not dispose of with household waste if local regulations require selective collection.
 - Dispose of worn or damaged products in accordance with local waste management regulations.
-

8. Safety and compliance with regulations

The product complies with the requirements of Regulation (EU) 2023/988 (GPSR) on general product safety.

The product is safe to use in accordance with its intended purpose and made of materials intended for contact with animals.

The product does not contain harmful substances in concentrations above the permitted limits.
